LETTER OF DEFERRAL

Dear Dr. Garcia:

On January 26, 2022, the Food Safety and Inspection Service (FSIS), Alameda District, verbally notified your establishment of the intent to withhold the marks of inspection and suspend the assignment of inspectors for the slaughter operations at your establishment, in accordance with 21 U.S.C. 603(b) and Title 9 Code of Federal Regulations (CFR) Part 500.3(b). This action was initiated due to your firm's failure to maintain or implement required controls to prevent the inhumane handling and slaughtering of livestock at your establishment and to appropriately handle animals in accordance with Title 9 CFR Part 313.15(a)(1). This was in violation of 21 U.S.C. 603(b) of the Federal Meat Inspection Act (FMIA), the Humane Methods of Slaughter Act of 1978, and the regulations promulgated thereunder.

On January 26, 2022, your establishment submitted written responses to the Alameda District Office (ADO) containing the immediate corrective actions and further preventive measures in response to the Notice of Intended Enforcement (NOIE) issued to your establishment on January 26, 2022.

Based on your written and verbal commitments provided on January 26, 2022, in response to the NOIE, FSIS has decided to defer further enforcement action to afford you the opportunity to implement your proposed action plan. This confirms the verbal notification provided to your establishment on January 27, 2022, by the ADO management team.

During this deferral period, FSIS will continue to verify, assess, and evaluate the effectiveness of the corrective actions you have implemented to assure that all proffered corrective actions are followed and that your programs are adequate to assure that livestock at your establishment are handled and slaughtered humanely, in accordance with the FMIA, the Humane Methods of Slaughter Act, and the regulations promulgated thereunder.

FSIS designed a Verification Plan to verify that your establishment fully implements and follows the corrective actions and preventive measures that your establishment proffered in response to the NOIE. The Verification Plan, which is enclosed with this letter, identifies your action plan, the relevant regulatory requirements, and the Public Health Information System (PHIS) tasks and frequencies under which FSIS officials will verify each corrective action. Please be advised that only FSIS can amend the Verification Plan, and should your establishment want to make any modifications to your corrective action plan during the Deferral period, you must submit these changes, in writing, to FSIS for verification of compliance prior to your establishment implementing these changes.

You are reminded that as an operator of a federally inspected facility, you are expected to comply with the Federal Meat Inspection Act (FMIA) and the regulations promulgated thereunder to ensure that livestock at your establishment are handled and slaughtered humanely. The regulations require establishments to take appropriate action(s) when either the establishment or FSIS determines that the establishment's system controls for humane handling requirements are ineffective.

It is also important for you to understand that FSIS has the responsibility to initiate actions if your establishment fails to operate in accordance with FSIS regulations, or conditions occur that may render products unwholesome or adulterated. In these situations, FSIS personnel will continue to take regulatory control of product and/or other administrative enforcement action.

FSIS has the authority to proceed with withholding the marks of inspection and suspension of inspection services if your establishment fails to implement your proposed corrective actions and preventive measures or if the corrective actions and preventive measures are not effective.

Please be advised that your failure to comply with regulatory requirements, to implement the corrective actions in your action plan, and/or to notify this office in writing of any changes to your action plan may result in further administrative enforcement actions.

If you have any questions, please call the Alameda District Office at (510) 769-5712.

Sincerely,

*/s/ Abdalla Amin,
Deputy District Manager
